**One of a Kind!!!!**

Set in a convenient location it is my pleasure to present this fantastic opportunity for families looking for that bit of extra space and sophistication.

Exceptionally designed, this gorgeous home boasts generous living spaces including formal lounge and dining areas as well as an open plan living and dining area which adjoins a stunning kitchen with excellent storage options.

The large double remote garage also has drive through access to allow trailer parking alongside a powered workshop perfect for the handyman in the family.
